

Ethos

Our aim is to provide a positive, caring environment in which happy and self-confident individuals can grow and where academic excellence can thrive. In 2015 ISI reported that:

'Pupils, including those in the EYFS, are well educated in accordance with the school's aims.'

All pupils are encouraged and supported to attain individual academic success, combined with high standards of personal behaviour.

Considerable emphasis is placed on developing pupils as individuals, and to encouraging independence of thought and spirit. This is achieved within a climate of personal responsibility and regard for others.

Three broad principles underpin this philosophy:

- Encouragement to try and perform well
- Praise for effort, behaviour and co-operation
- Challenge to constantly improve

'The provision is of high quality. The quality of learning and behaviour is very good throughout the school.' (ISI)
