CCTV Policy

1. Introduction

The purpose of this policy is to regulate the management and operation of the Closed Circuit Television (CCTV) System at Windrush Valley School (the **School**). It also serves as a notice and a guide to data subjects (including pupils, parents, staff, volunteers, visitors to the School and members of the public) regarding their rights in relation to personal data recorded via the CCTV system (the **System**).

The System is administered and managed by the School, who act as the Data Controller. This policy will be subject to review from time to time, and should be read with reference to the School's Data Protection Policy and Privacy Notices.

All fixed cameras are in plain sight on the School premises and the School does not routinely use CCTV for covert monitoring or monitoring of private property outside the School grounds.

CCTV cameras are situated:

- Above Foundation Unit cloakroom door
- Above Nursery classroom double door

The School's purposes of using the CCTV system are set out below and, having fully considered the privacy rights of individuals, the School believes these purposes are all in its legitimate interests. Data captured for the purposes below will not be used for any commercial purpose.

2. Objectives of the System

- To protect pupils, staff, volunteers, visitors and members of the public with regard to their personal safety within the Nursery Playground
- To support the police in preventing and detecting crime, and assist in the identification and apprehension of offenders.
- To monitor the security and integrity of the School site – limited to the Nursery Playground.

3. Positioning

Locations have been selected that the School reasonably believes require monitoring to address the stated objectives.

Adequate signage has been placed in prominent positions to inform staff and pupils that they are entering a monitored area, identifying the School as the Data Controller and giving contact details for further information regarding the system.

No images will be captured from areas in which individuals would have a heightened expectation of privacy, including changing and washroom facilities.

No images of public spaces will be captured except to a limited extent beyond the boundary walls.

4. Maintenance

The CCTV System will be operational 24 hours a day, every day of the year.

The System Manager (defined below) will check and confirm that the System is properly recording and that cameras are functioning correctly, on a regular basis.

The System will be checked and (to the extent necessary) serviced no less than annually.

5. Supervision of the System

Staff authorised by the School to conduct routine supervision of the System include the School Business Manager and the Headteacher.

Images will be viewed and/or monitored in a suitably secure and private area to minimise the likelihood of or opportunity for access to unauthorised persons.

6. Storage of Data

The day-to-day management of images will be the responsibility of the School Business Manager who will act as the System Manager, or such suitable person as the System Manager shall appoint in his or her absence.

Images will be stored for 90 days and automatically over-written unless the School considers it reasonably necessary for the pursuit of the objectives outlined above, or if lawfully required by an appropriate third party such as the police or local authority.

Where such data is retained, it will be retained in accordance with the Act and our Data Protection Policy.

7. Access to Images

Access to stored CCTV images will only be given to authorised persons, under the supervision of the System Manager, in pursuance of the above objectives (or if there is some other overriding and lawful reason to grant such access).

Individuals also have the right to access personal data the School holds on them (please see the School's Privacy Notice and Data Protection Policy), including information held on the System, if it has been kept. The School will require specific details including at least to time, date and camera location before it can properly respond to any such requests. This right is subject to certain exemptions from access, including in some circumstances where others are identifiable.

The System Manager must satisfy themselves of the identity of any person wishing to view stored images or access the system and the legitimacy of the request. The following are examples when the System Manager may authorise access to CCTV images:

- Where required to do so by the Head, the Police or some relevant statutory authority;
- To make a report regarding suspected criminal behaviour;
- To the School's insurance company where required in order to pursue a claim for damage done to insured property; or
- In any other circumstances required under law or regulation.

Where images are disclosed a record will be made in the system log book including the person viewing the images, the time of access, the reason for viewing the images, the details of images viewed and a crime incident number (if applicable).

8. Other CCTV systems

The School does not own or manage third party CCTV systems, but may be provided by third parties with images of incidents where this is in line with the objectives of the School's own CCTV policy.

9. Complaints and queries

Any complaints or queries in relation to the School's CCTV system, or its use of CCTV, or requests for copies, should be referred to The School Business Manager.

For any other queries concerning the use of your personal data by the School, please see the School's applicable Privacy Notice.

CCTV FOOTAGE ACCESS REQUEST [OPTIONAL]

The following information is required before the school can provide copies of or access to CCTV footage from which a person believes they may be identified.

Please note that CCTV footage may contain the information of others that needs to be protected, and that the school typically deletes CCTV recordings after [x] period.

| | |
|---|--|
| Name and address: (proof of ID may be required) | |
| Description of footage (including a description of yourself, clothing, activity etc.) | |
| Location of camera | |
| Date of footage sought | |
| Approximate time (give a range if necessary) | |

Signature*

Print Name.....

Date

*** NB if requesting CCTV footage of a child [under 12 / 13 / of preparatory school age, according to school policy], a person with parental responsibility should sign this form. For children [over that age / at secondary school], the child's authority or consent must be obtained except in circumstances where that would clearly be inappropriate and the lawful reasons to provide to the parent(s) outweigh the privacy considerations of the child.**
